FIXED SEATING UK

Fixed Seating UK is a leading manufacturer of contract seating for the hospitality, leisure and retail sectors. Our team has over 40 years of experience and will work to assemble and install seating to your exact specifications, no matter where you are in the UK.

Our in house manufacturing process allows us the flexibility to process express orders and allows us to accommodate bespoke projects. Our expert manufacturing team can make any design, so contact us if you want to set yourself apart from the competition.

Our seating is guaranteed to add some extra flair to your venue, and we pride ourselves on our efficient delivery and installation process. From start to finish, Fixed Seating UK offers a professional service and a high-quality end product.

How We Work

We work with a variety of clients in several sectors to make sure that we provide an excellent result.

No matter who we work with, the process is the same, and we take great pride in our consistency.

Here is how we work step by step:

How We Work

We work with a variety of clients in several sectors to make sure that we provide an excellent result. No matter who we work with, the process is the same, and we take great pride in our consistency. Here is how we work step by step:

Initial contact – Our dedicated sales team will have a chat with you and arrange your fixed seating project.

Understanding the project – After we receive provisional ideas on your project we can then take a step forward and plan out your design.

Receive a FREE quote – All of our clients are eligible for a free quote. All you need to do is contact our friendly sales team and they'll be happy to give you one.

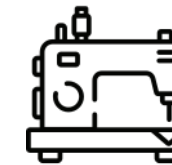

Order confirmation – After the plans and price quotes have been agreed on, a 50% deposit is required, and after that, the site survey can begin.

Site survey – We will dispatch a team of surveyors to get a feel for your venue and figure out how best to proceed. The manufacturing can begin once this is taken care of.

Manufacturing – Then our joiners will start to build the framework of your seating from scratch, after this, it's passed onto the upholsterers.

Upholstery & Comfort – The upholsterers then take over, creating templates and cutting the fabrics in the way you want them to.

Delivery & Installation – On the date you request, our dedicated team will then deliver and install your fixed seating to the highest standard possible.

Project complete! – When everything is installed, we then take the final payment; as well as pay a courtesy visit to make sure you're one hundred percent satisfied.

Fixed Seating

In our workshops our manufacturing staff design and build your fixed seating to your exact specifications. Because we do everything in-house, we can make sure that everything stays on schedule and there's no fuss once everything gets going.

To ensure our projects keep moving along, we carefully plan out every step in advance. For example, we make site visits so we can confirm our drawings are correct before production begins.

It's this level of detail that makes Fixed Seating UK a leading manufacturer of banquettes, and we're very proud of what we achieve on a daily basis. Here's our process step by step, so you can get an idea of what to expect from us.

STEP ONE

CHOOSE YOUR SEATING STYLE

Whether you call it banquette, booth, bench or fixed seating, we offer a range of different styles. Plain, cushion, padded, and radius are just a few of the styles we offer, and all you have to do is choose the styles that suit your venue the best.

STEP THREE

CHOOSE YOUR POLISH

A seat's foundation is at the heart of its design. On what base would you like it to sit: on a plinth, on legs, or on a sub-base? The sky's the limit when it comes to options.

STEP TWO

CHOOSE YOUR FABRIC

The type of upholstery should reflect both the personality you want your seating to convey and also what mood it sets once it's installed. You've got a wide range of options: different fabrics, leathers as well as many colours to choose between.

STEP FOUR

SEAT MANUFACTURE AND INSTALLATION

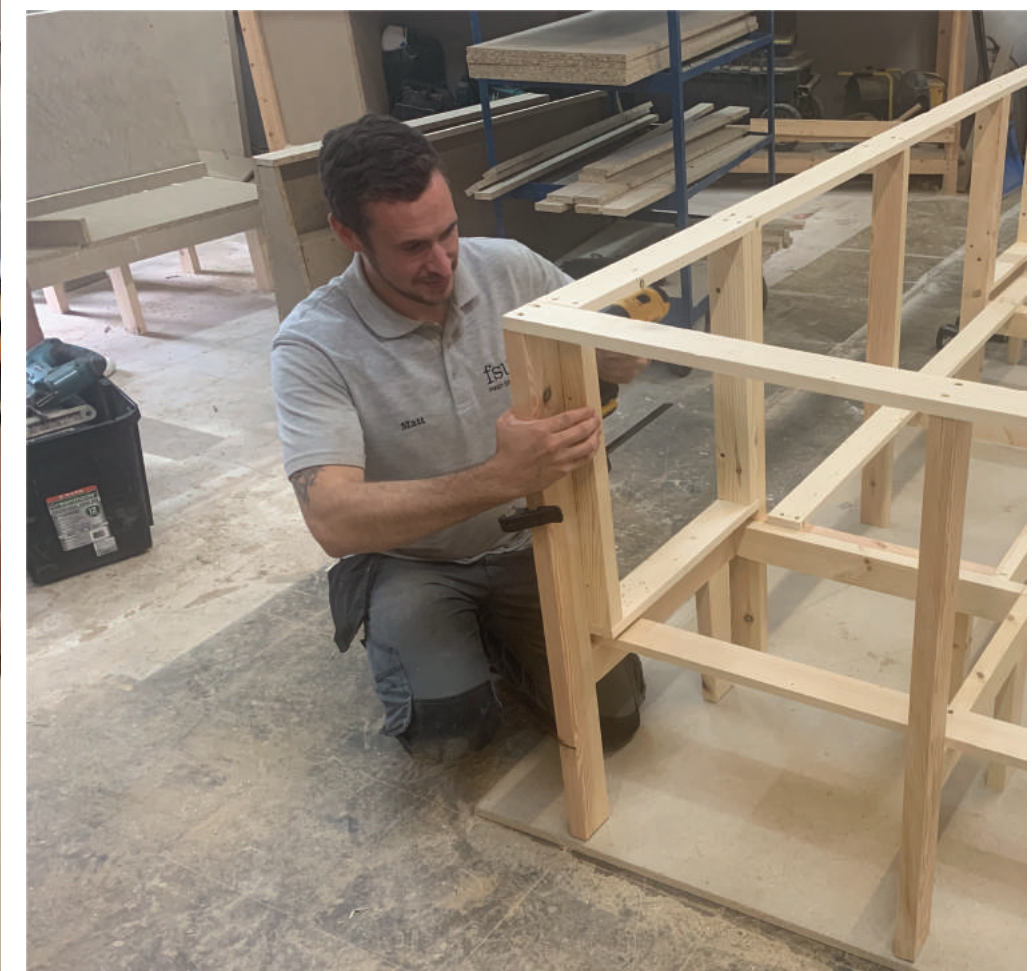

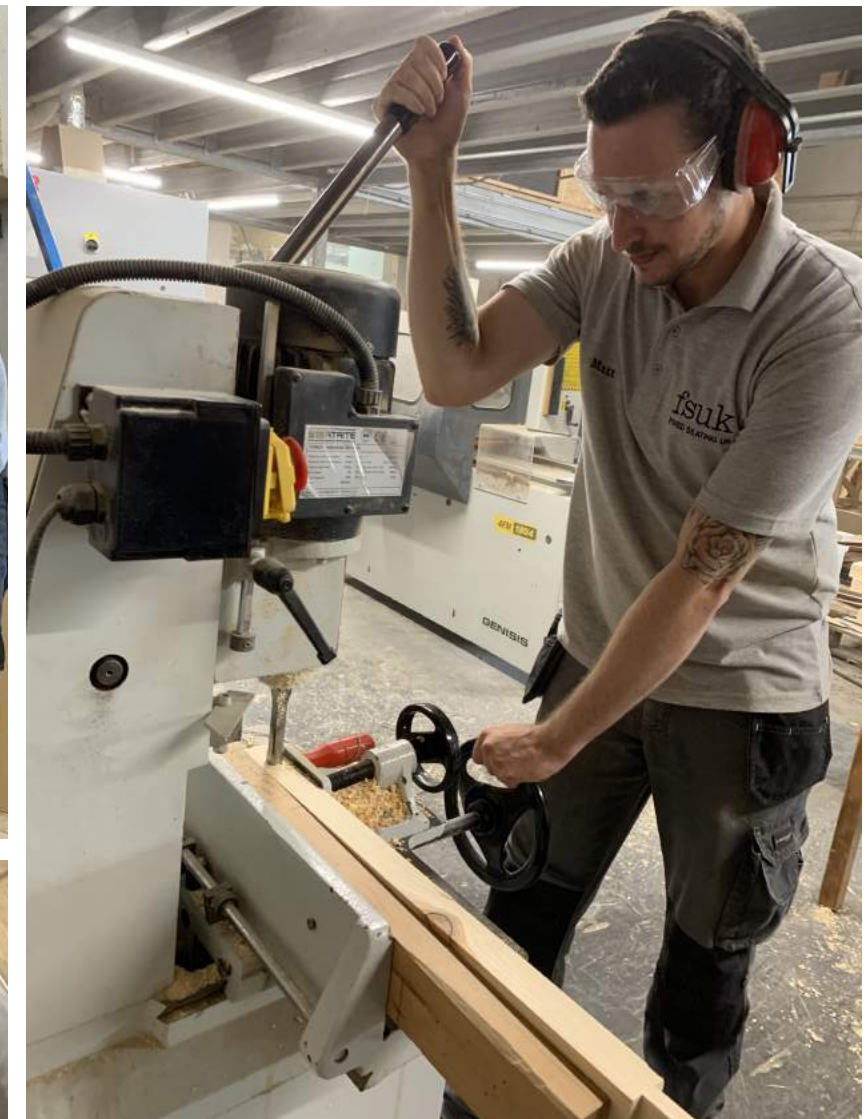

Once you've customized your seating to your specs, our staff can get to work. After we've made a quick site visit, the manufacturing process can begin. Our craftsmen will build the seat's frame, add the upholstery and then make preparations for a delivery and installation visit. It's just that simple.

Joinery Workshop

Fixed Seating UK is a contract seating provider first and foremost, and our joinery workshop is where the bulk of the work takes place. We use a variety of different materials and machines to build your fixed seating the way you want it.

Our experienced craftsmen can create anything the customer requires. Whether you want your seating done completely from scratch or modified from an existing framework, no problem.

There are over four decades of experience in our joinery shop, and every one of them will work hard to make sure the foundations are put solidly into place.

Upholstery workshop

We understand comfort here at Fixed Seating UK, so we offer a range of fabrics and leathers to give your seats the fit and finish you desire.

The upholstery workshop is where these are added to the mix.

Like with the joinery team, we employ several experienced craftsmen to handle the more delicate jobs. With a steady hand, they apply the foam and fabrics to the banquettes our joiners create, as well as the intricate buttoning work.

Spray Polishing Workshop

For a little extra shine, we also offer a full spray polishing service.

Getting the right wood finish is crucial for your fixed seating solution.

If you haven't seen a wood finish you like, then give us a call and we can match any sample colour, stain or paint provided.

We keep in stock a wide range of lacquers; low and high sheen, water and cellulose-based – you name it, we have it. Here are some examples.

Projects

We work with a variety of clients in several sectors to make sure that we provide an excellent result.

No matter who we work with, the process is the same, and we take great pride in our consistency.

Here is how we work step by step:

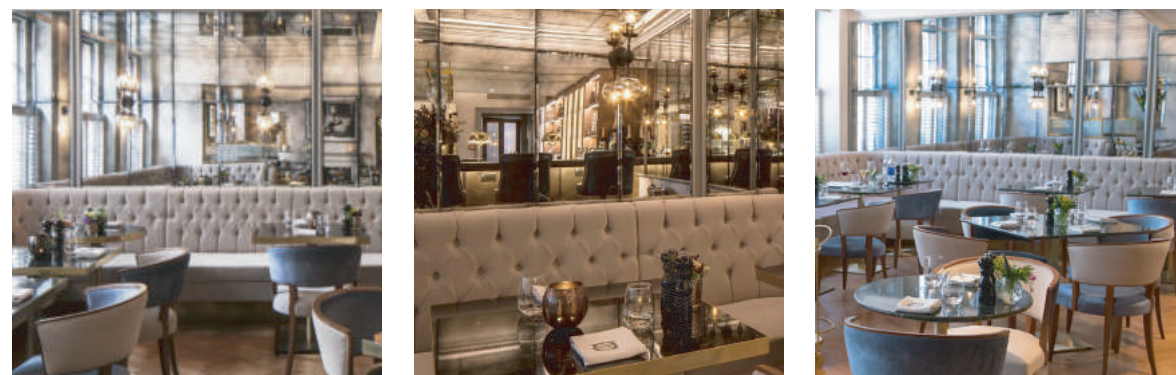

DUKES

LONDON

The Dukes London is nestled in St. James's Mayfair, and when you're got such high class and historic surroundings, you need a level of luxury to match.

There are many modern and classic style bedroom suites to choose between, and the legendary Dukes Bar allows you to embrace true English chic. There's Champagne afternoon tea to be had, and many other delights besides.

When Fixed Seating UK did the arrangements for the Dukes Bar, we were well aware of the standards of luxury that we needed to uphold. So, we worked closely with our client to make sure we met it!

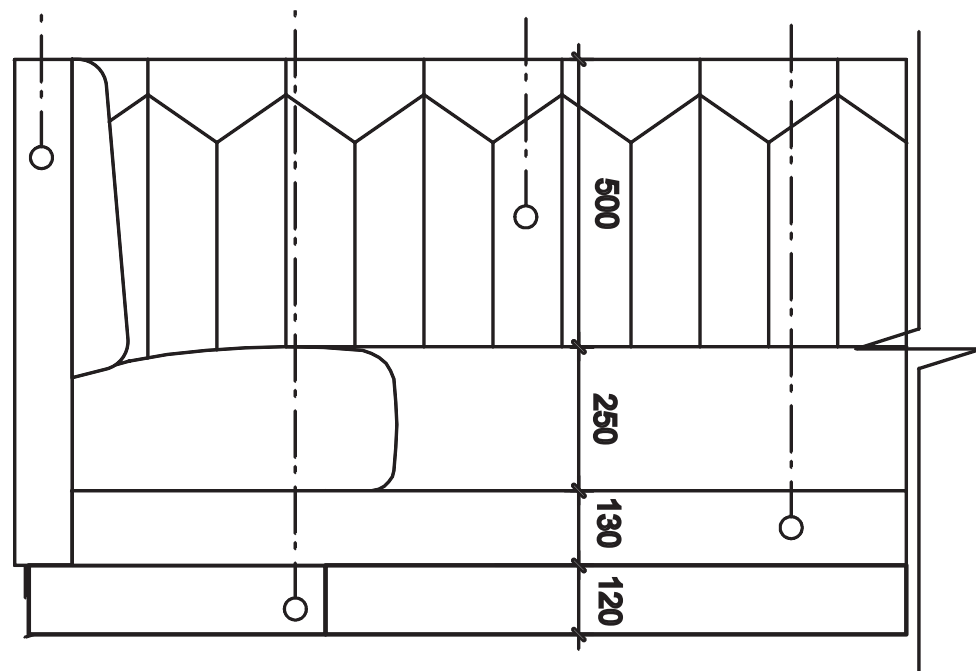

THE HOME OF —
FOOD
— AND FOOTBALL —

Café Football is a fun and relaxed dining experience that captures the spirit of the beautiful game.

The menus on offer take cues from football and its culture, and it all comes together in a way that everyone can appreciate. Whether you're a foodie or a fan of the sport, there's a lot to appreciate.

When Fixed Seating UK took on this job, our client tasked us to manufacture seating that invokes a homely feel, and that's what we did. The seating in Café Football should feel reminiscent of your favorite chair at home – perfect for watching football!

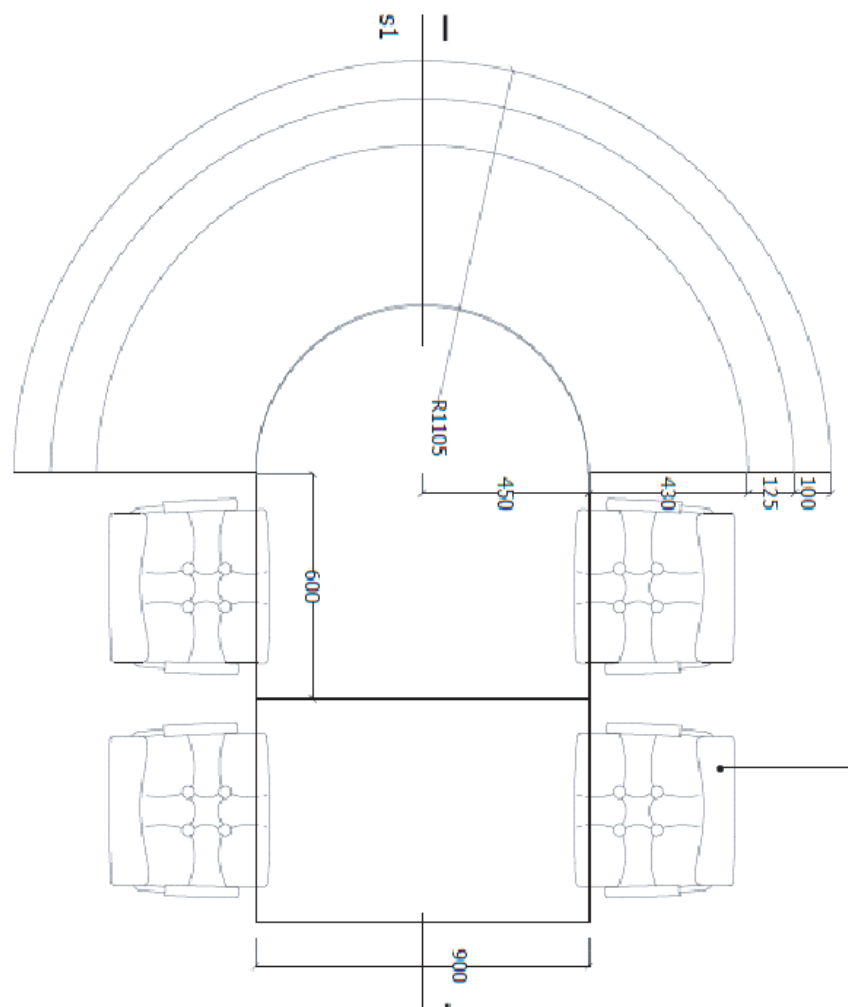

VANILLA ROOMS

patisserie · grill

The Vanilla Rooms is a restaurant created by Shabir Hussan, and is focused on bringing quality taste and comfortable surroundings to all who visit.

Whether you're here to enjoy a mouth-watering Continental meal or one of the many desserts on offer, there's a lot to enjoy here.

To complement the welcoming atmosphere and emphasis on comfort, Fixed Seating UK manufactured the banquettes here. These seats make it easy to settle in and drink in the surroundings!
